OWR Event WiFi | Seamless Event WiFi Rental Solution

OWR Event WiFi is a global company with a simple mission, to provide Event WiFi, the latest technology, and technical event staffing anywhere in Canada or worldwide where you have your next event.

Our Event WiFi rental operates everywhere throughout the world. We have never turned down a location. At OWR Event WiFi, we take pride in delivering the latest equipment and internet connections to the UK, Europe, the Middle East, Canada, Australia, New Zealand, Singapore, and more. We've covered over 60 countries and have thousands of corporate clients globally. With over ten years of global experience and the right attitude regarding long-term client relationships, we invest tirelessly in our staff with one of the industry's strictest recruitment and training processes.

We offer the latest Event WiFi, from 4G routers, cellular data, and **Satellite internet**, as well as our **IT hardware rentals**, including the largest inventory of **iPad rentals** to date; our stock answer is always YES. We have unparalleled logistics and guaranteed delivery- something our competitors don't do. With over a decade of experience in the event technology and IT rental business, our professionals have the relevant field knowledge, extensive training, competitive skill, and the latest technology to help you have a successful event every time.

Expert Event WiFi Installation Across Canada and Beyond

As a leading provider of event WiFi installation, our team of experienced network engineers can support your professional gatherings in Canada, and over 60 countries worldwide. Our team is professional, thoroughly trained, and skilled in the nuances of WiFi, and can be on-call and on-site throughout your business or corporate event, or can support remotely.

We offer competitive pricing and ensure timely deployment and installation for a seamless experience at your event. Don't settle for subpar WiFi at your professional gathering – contact us now to learn more about our reliable solutions. We also offer free quotes and consultations to ensure you have the best possible setup for your needs. Trust us to handle all your event WiFi needs and focus on what matters most to you.

Bespoke Event WiFi And IT Rental Solutions

As a trusted brand with a long list of satisfied clients, OWR event WiFi offers full event WiFi rental solutions for corporate and public gatherings. We have the expertise to configure and install the right network at a competitive price, making us a valuable partner for events such as charity auctions, festivals, training sessions, business expos, seminars, and workshops.

Additionally, our team is skilled in handling locations with limited or no WiFi; OWR Event WiFi can provide a site survey in order to ensure you receive a seamless WiFi rental experience for your attendees. Our technical staff is available to assist with installation and provide ongoing on-site support throughout your event. Choose OWR Event WiFi for reliable and hassle-free WiFi at your next corporate or public gathering.

What Our Clients Say About Us?

"WiFi was great all the time during the event; it worked great for more than 300 people. We didn't receive a single complaint from attendees. The team provided by OWR Event WiFi was very much friendly, knowledgeable and experienced. I will surely recommend it to others and looking forward to renting Festival WiFi for our upcoming outdoor concert."

Henry George

"I worked with OWR event WiFi on two events' Wi-Fi setups. Both setups worked more than we expected. There was no single complaint about the WiFi from attendees. The planning, communication and on-site support were wonderful. I have recommended it to others and will surely recommend it to others. Thumbs up for OWR Event WiFi."

Robert Paul

"Without the help of OWR Event WiFi, our event wasn't able to function. We needed a Wi-Fi rental for our outdoor event, but the last company rejected it the last time. A friend of mine recommended OWR Event WiFi, and I was shocked when they said yes! They provided us with Wi-Fi for more than 1000 people on very short notice. Highly recommended."

Oliver Kevin
