Rent smarter: unlimited IT rental.

We offer any quantity of computer rental, corporate iPad hire, and so much more. We have over 5,000 corporate clients in every sector including charitable, government, public, pharmaceutical, education, and entertainment industries globally. Looking for simple iPad hire or devices preinstalled with latest software in any quantity? We can help! We provide software integration and development, hardware and installation, technical event staffing and WiFi installation and telecoms for event WiFi requirements everywhere in the world.

Computer rental and pure talent.

From accessories to the latest technology we have it all. This includes a diverse group of talented individuals who love what they do and work well together solving technical and logistics challenges at events all over the world. We're proud of our team and a worldwide presence that spans across ten global offices. IT rental is simple with us because we offer one of the largest inventories around and have a positive minded, highly trained team of professionals that are always happy to work with you. Digital success goes beyond computer rental or the latest iPad rental. It's rooted in teamwork, reliability, and the logistical capability of moving any amount of equipment you require for your next event fast.
